Sample Publications

Books & chapters

- Taylor, K.E. (2009), *Cruelty: human evil and the human brain*. Oxford, Oxford University Press, forthcoming.
- Taylor, K.E. (2006), On brainwashing, in *The Barbarization of Warfare*, ed. G. Kassimeris; New York University Press.
- Taylor, K.E. (2004), *Brainwashing: the science of thought control*. Oxford, Oxford University Press.
- Taylor, K.E. (2003). The possible role of abnormal platelet-activating factor metabolism in psychiatric disorders. *Phospholipid Spectrum Disorders in Psychiatry and Neurology*. 2nd ed: Marius Press.

Newspapers & magazines

- Taylor, K.E., [Thought crime](#), *The Guardian*, 8 October 2005.
- Taylor, K.E., So, do you know who's pulling your strings?, *Times Higher Education Supplement*, 26 November 2004.

Academic articles, reviews etc

- Taylor, K.E. (2008), Review of *Women as Weapons of War*, by Kelly Oliver. *Critical Studies in Terrorism*, 1, 3.
- Taylor, K.E. (2007), Disgust is a factor in extreme prejudice, *British Journal of Social Psychology*, 46(3), 597-617. Available as PDF [here](#).
- Taylor, K.E. (2006), Intergroup atrocities in war: a neuroscientific perspective, *Medicine, Conflict and Survival*, 22, 230-44. Available as PDF [here](#).
- Taylor, K.E. (2004). Familial cancer and developmental dyslexia: an observational pilot study, *Developmental Medicine and Child Neurology*, 46(2), 119-27. Available as PDF [here](#).
- Francks, C., Fisher, S.E., Marlow, A.J., MacPhie, I.L., Taylor, K.E., Richardson, A.J., Stein, J.F. and Monaco, A.P. (2003), Familial and genetic effects on motor coordination, laterality, and reading-related cognition, *American Journal of Psychiatry*, 160, 1970-7.
- Taylor, K.E. and Walter, J. (2003), Occupation choices of adults with and without symptoms of dyslexia, *Dyslexia*, 9(3), 177-85.

- Taylor, K.E. and Stein, J.F. (2002). Dyslexia and familial high blood pressure: an observational pilot study, *Archives of Disease in Childhood*, 86(1), 30-3. Available as PDF [here](#).
- Taylor, K.E., Richardson, A.J. and Stein, J.F. (2001). Could platelet-activating factor play a role in developmental dyslexia?, *Prostaglandins, Leukotrienes and Essential Fatty Acids*, 64(3), 173-80. Available as PDF [here](#).
- Taylor, K.E. (2001). Applying continuous modelling to consciousness, *Journal of Consciousness Studies*, 8, 2, 45-60.
- Taylor, K.E., Higgins, C.J., Calvin, C.M., Hall, J.A., Easton, T., McDaid, A.M. and Richardson, A.J. (2000). Dyslexia in adults is associated with clinical signs of fatty acid deficiency, *Prostaglandins, Leukotrienes and Essential Fatty Acids*, 63(1/2), 75-8. Available as PDF [here](#).
- Taylor, K.E. (2000). A continuum approach to modelling cognitive disorders, *Medical Hypotheses*, 54, 642-4. Available as PDF [here](#).
- Taylor, K.E. (2000). Immune-biochemical interactions in schizophrenia, *Schizophrenia Research*, 44, 245-6.
- Taylor, K.E. and Richardson, A.J. (2000). Visual function, fatty acids and dyslexia, *Prostaglandins, Leukotrienes and Essential Fatty Acids*, 63(1/2), 89-94.
- Taylor, K.E. (2000). A data-donor scheme for brain researchers, *Lancet*, 355, 849-50. Available as PDF [here](#).
- Taylor, K.E. and Stein, J.F. (1999). Attention, intention and salience in the posterior parietal cortex: a computational approach, *Neurocomputing*, 26-27, 901-10. The PDF is [here](#).
- Taylor, K. E. and Cahusac, P. M. B. (1994). The effects of the metabotropic glutamate receptor agonist 1S,3R-ACPD on neurones in the rat primary somatosensory cortex *in vivo*, *Neuropharmacology*, 33, 103-8. Available as PDF [here](#).
